Welcome to Don Bosco Mithra School

Don Bosco Mithra School, Bangalore is unique. It is more than a school; it is a family; a home away from home. We follow the preventive system of Don Bosco, which is based on reason, religion and loving kindness. It brings together educators and youngsters in a family experience of trust and dialogue. As an educational institution of a minority community, the school enjoys all the relevant rights and duties enshrined in the Indian Constitution.

Don Bosco International

The Don Bosco Society is an International Organization dedicated to the service of children and youth, especially in the field of education. It was founded in the year 1859. It is now present in 133 countries across the world. Don Bosco has the consultancy status at the United Nations. Through its 3000 plus Schools, Colleges, Universities, Technical Schools and

Youth Centers the Salesians of Don Bosco has a profound influence on young people irrespective of religious differences or social inequalities. In 1906 the Don Bosco Society started working in India.

Quality Policy

We are committed to provide quality education in accordance with the modern trends, achieving the wholesome development of each of our students, especially academic excellence, enrichment of moral values and social commitment through curricular, co-curricular and extracurricular activities with regular and systematic planning and evaluation methods.

Management

Don Bosco Fathers of Sacred Heart Province of Bangalore

The System of Education

The system of education followed at Don Bosco Mithra is “Preventive System” by Don Bosco. It is founded on Reason, Religion and Loving Kindness. We make our general regulations reasonable and take into account the legitimate demands of our students in our framing of disciplinary rules. We exclude arbitrary commands and try to form in our students, deep personal convictions which are capable of governing their lives.

Our active presence among the students– which is one of loving kindness and understanding– has no other aim than that of seeing to the integral development of their natural gifts and of safeguarding them from physical and moral harm.

We respect and uphold the religious beliefs of every individual. Our system of education helps the individual to love himself, others and God.

Curriculum

We believe, the future of the country is being shaped in our classrooms and will make sure no child is left behind. Taking best practices from both contemporary as well as traditional tenets of education, we have custom–tailored a programme that is highly experiential, contextual, activity–oriented and based on multidisciplinary teaching approaches. At Don Bosco Mithra we follow the guidelines set by the KSEEB.

The academic year begins in June and ends in April. The course of study extends from Kinder Garten to Standard X; at the end of which pupils appear for the SSLC Examination. The pattern of studies ranges from an informal type at the pre–school stage to a semi–formal type based on the environmental approach in the early primary school and goes on to a progressively more formal kind in the late primary, middle and secondary stages.
